NEW WORLD

CLOTHES WRINGER.

PRICE.....\$7.
We have secured the entire control of the above celebrated CLOTHES WRINGER for Kentucky and part of the State of Indiana. We are satisfied that it is the most simple, efficient and durable machine made. Tens of thousands of these machines have already been sold where they have been introduced. We are prepared to effect sales on the most favorable terms, to-wit:
Parties can use them one month, and if at the end of that time, they are not entirely satisfied they are worth what they cost, they can return them and we will refund the money.
We will afford a liberal discount to merchants in all the large towns to act as agents.
Call and see them and get a circular.

BEVIN, WIARD & CO.,
101 Main St., Louisville, Ky.

Notice to Mail Subscribers.

Subscribers are supplied with a notice of the date their subscription will expire ten days in advance of the time; and again with a second notice ten days before the last copy is sent. This will enable all persons to keep their accounts, and to renew in time not to miss an issue of the paper.

It is wonderful what a people can live through or what they can accomplish themselves. We remember a few years ago we looked on the revolution and wars in foreign countries with a little quiet self-complacit gratulatory satisfaction, and with a sympathy for those that were enduring them, which was none the less sweet from the consciousness of its distance and the belief that nothing of the kind would befall us. It was like that feeling we have when snugly housed we hear the rain pattering on the roof, and the wind whistling at the external door, and we shudder at the external desolation and discomfort as we think of blighted way-farers, but take an additional delight in our own warm firesides with all their comforts around us.

Under such influences by flood and field; perils gone through and hardships endured, have a new zeal from the contrast with our own ease and comfort. The coolest boat at such a time is the one that gives accounts of the most disastrous events. So, a few years ago, we read of the Crimean war, the Hungarian rebellion, the Italian war, and our hearts went out in sympathy for all the sufferers who were struggling and dying in far-off countries. Kosuth, Victor Emanuel and Garibaldi were persons of great interest to us, but only such an interest as we feel in reading some fictitious but well-drawn description of distress in the pages of a favorite author. Few who read the story read the moral, or believed that they would ever experience the like. Like harsh and discordant sounds, melted by distance into sweetness, we heard, and our hearts were lulled into responsive, sympathetic chords.

Then, as by degrees the mind took in the full meaning of the written pictures—the desolation—the agony—the death—depleted in the glowing words—how few there were who believed that we could live to look upon the life and live through it—live through it, too, and go through ordinary occupations! Have still our little domestic interests to attend to and make us for a time forget the destruction going on everywhere around us—day and night—rest and sleep, and our dreams not be forever haunted by the thousand images of death. Who would have thought we could read daily of the storming of our towns—the killing of our citizens, and still take a very considerable interest in the price of marketing or the rise in stocks? Yet we do it, and are not even surprised at our apparent callousness.

It is hard to account for this, but custom is everything. In the earlier days of the war, it was not so. The firing on Fort Sumter, the first battle of Manassas, shocked and thrilled the nation with the sense of immediate, imminent danger. Then, although other events equally as important, perhaps, have occurred, they have never met with the like response.

It is related of a criminal, who was to endure the punishment of the wheel, at the second turn laughed, and when asked the reason, he replied that he laughed at himself to have supposed his nervous system would not be so shattered by the first blow of torture to respond to those which followed. So after the first terrible shock of the war, the sensibilities of the nation seem so broken as to endure unflinchingly the awful and almost mortal throes through which it is passing.

Here to-day it is believed the rebels will this summer invade our State, and probably lay waste our fields. Yet it is received with a strange apathy. Men feel it no longer as appealing to their sympathies, but calculate it coolly as touching their interests. Three years ago the invasion of the State made the people wild with excitement. Now they seem too exhausted to even care. There is a sensation that all has passed, and that there is nothing to do but to wait for the end.

Here to-day it is believed the rebels will this summer invade our State, and probably lay waste our fields. Yet

The Daily Democrat delivered by carriers throughout the city will hereafter be at the rate of twenty cents per week.

Important Notice.

Owing to the increased expense of every article used in the printing business, and an advance of twenty-five per cent. on the expense of composition, we are compelled to increase the cost of the Daily Democrat. Hereafter the Daily, by mail, will be six cents per month, or four dollars for six months, or seven dollars per year—always in advance.

Small Cylinder Hoe Printing Press for Sale.

The Democrat is printed upon a double-cylinder Hoe press; and a single-cylinder press, formerly used by us, is offered for sale. It is of the largest sized platen, and in perfect order, and will be sold at a bargain. Address publishers Democrat for particulars.

Election Returns—To Officers of Election.

We shall be under special obligations to the clerks in the various precincts if they will furnish the official count at the close of the polls this evening. We hope to be able to give the official result in our issue of Sunday morning.

POLICE PROCEEDINGS—Friday, April 1st.—Thos. Connerhan, disorderly conduct, drunkenness, and interfering with and endeavoring to take a prisoner from the officers; fined \$5.

Ed. Hartley and Jno. McDermott, assaulting John Nolan; matter sent before the Grand Jury.

Wm. Ash, drunkenness and disorderly conduct; fined \$10.

Margaret C. Long, stealing \$40 from Jacob Marks; she promised to marry him, and he paid her \$10, and she was discharged.

Lucie Kiebler appeared in the discharge of his bond, charged with attempting the life of Herman Harris; the writing being drawn wrong, he was discharged.

Agatha Surin, a native of Switzerland, was sent to the lunatic asylum; her mind is entirely gone; her husband, Leonard, belongs to Company 1, Second Kentucky Infantry.

ABOUT TOWN—MURDER STREETS—Probably no city in the Union can show as dirty streets as Louisville. The city seems destined in a short time to bury itself utterly beneath its own ever accumulating impurities. Go where you will, through the crowded thoroughfares, into by-ways and alleys, there is nothing but mud and filth. It accumulates upon all the street crossing thick, black, and deep. The streets of Louisville are in a wretched condition, great ruts and hollows being visible upon every square, which are filled with every conceivable form of filth, into which the running wheels of the city are thrown, and the passer-by a mass of filth which no clothes brush yet invented can remove. Improvements have been commenced upon some of the streets, but from some cause they have not been finished, and the streets are almost impassable. We hope that our city authorities will take some steps toward repairing the streets of Louisville.

FOR CITY TAX COLLECTOR IN THE EASTERN DISTRICT.—We trust the voters in the Eastern District will transact the claims of Adolph Rammer and cast their votes for him for City Tax Collector to day. He is young, active, intelligent and trustworthy in all respects. He speaks the English and German languages with fluency and is a sober, discreet, prompt business man. Without disparaging the claims of his opponent, we believe the voice of the people is for "Rammer and victory."

Among the announcements for City Council we are pleased to see the name of Jas. F. Campbell, Esq., as a candidate from the Tenth (formerly the Eighth) ward. Mr. G. was recently superintendent of the Nashville railroad, and has formerly served in the Civil war with great ability. He is one of our oldest and best citizens, and without detracting from the merits of any of his competitors, we can confidently recommend him as in every way suited to the position.

Mr. W. W. Twyman presents his claims to the citizens of the Eleventh, formerly Ninth, ward, to represent them as Alderman. During the past year Mr. Twyman has been a member of the Council, and in that capacity he has always voted for those resolutions which would benefit the city. Mr. Twyman will make an excellent Alderman, and we hope that he will be supported by the citizens of the ward.

Yesterday a soldier, whose name we were unable to learn, went into the store of Ellery & Co., and stole two vests. He was arrested a short time afterwards by the provost guard, with the vests in his possession. He was confined in Barracks No. 1, and will to-day be turned over to the civil authorities for trial.

We notice that Mr. Martin Barmstrong, who for many years has been connected with the Ancestry office, is announced for the Common Council in the Sixth (formerly the Fourth) ward. He bears the reputation of being a fine business man, and would make a good Councilman.

Yesterday was a most disagreeable day, a steady rain falling from early dawn until late at night. The streets were exceedingly muddy and but few persons were on the streets except those who had business of importance which called them out.

Yesterday officer William Cross arrested John B. Smith, James H. Andrews, James Clark and William Bayless upon the charge of stealing a hat. They will be examined before Judge Johnston this morning.

The alarm of fire, about 12 o'clock yesterday, proceeded from a small frame house on Green street, above First. The fire was extinguished without the assistance of the fire engines.

G. E. McAnisim, of the One Hundred and Fiftieth New York, who had been tried and convicted of desertion, was yesterday sent to Fort Mifflin, to work one year, the time of his sentence.

Bernard Guy is a candidate for re-election in the Fifth (formerly Third) ward. He makes a first rate member, and the ward can do no better than to return him.

Mr. Norris, who bought a private box at the theatre, will please call at the box office to-day.

See "Painters' notice" in another column.

WOOD'S THEATRE.—Notwithstanding the inclement state of the weather last evening a highly fashionable audience attended this popular place of amusement, and the charming band of music have felt highly flattered. The great French drama of "Actress of Padua" was presented in a style that reflected the highest credit on star, sick company, machinists, paraphernalia in fact all concerned, and we doubt not that it is repeated during Miss Western's engagement it will amply repay the management. The laughable farce of "An Hour in Seville" contained the entertainment, in which Miss Helen Western's sustained her world-wide reputation of being the most versatile and charming comedienne on the stage. This afternoon at the "Matinee" will be presented the nautical drama of "Black Eye and Sloop," and the farce of "Mr. and Mrs. Lilly White," which ought to attract the largest audience of the season, and at night Miss Helen Western will again appear as "The French Spy," in which she made so favorable a debut, and the mirth provoking farce of last evening, sustaining during the performance eleven different characters.

ITALIAN OPERA.—Lucia di Lammermoor was performed last night to a crowded and fashionable audience. "Mlle. Castri" was the Lucia. We had the great pleasure of listening to the whole opera. The beautiful duet in the first act was rendered by Stefano and Castri with a purity and correctness unsurpassed, and which did not fall in behind the house. Stefano's performance was highly praised as a tenor. The quintette in the second act received a most decided encore. The parts of Raymond and Ashton received full justice from Morelli and Coletti; and, without further particularizing, we can say that the whole opera gave more than satisfaction—it created a furor.

To-night the great event of the week is to come off in the production of Mozart's immortal Don Giovanni, considered by the "fanatics of music" the greatest opera ever written. "Mlle. Don Giovanni" has ever been regarded a mighty monument of human genius, combining in the language of Mr. Holmes, "the labor of the greatest melodist, symphonist, the master of dramatic expression, ever united in the same individual. Whether we regard the mixture of passions in his concerted music, the grandeur of his conception, the melody, the variety of his situation, the beauty of his accompaniment, or the grandeur of his highlighting and protracted scene of terror—the finale of the second act—Don Giovanni stands alone in dramatic creation. Of all musical romances it is a dramatic masterpiece. The cast of the piece is unrivaled. It embraces Mlle. Loriani, Mlle. Morelli, Mlle. Castri and Morelli, who is without a rival as Don Giovanni; Carl Formica's Leporello is noted throughout the whole musical world; Tamara, in the role of Don Ottavio, Sig. Barilli and Coletti. From all indications the house will be jammed.

On Monday night the great opera of Faust will be performed for the first time in Louisville.

MARION TEMPLE THIS AFTERNOON.—The third matinee of the Millionaire Tableau of Paradise Lost will be given this afternoon at three o'clock. The ladies and children will of course avail themselves of this opportunity to witness this splendid work of art, and by so doing avoid the immense crowd of the night. The hall will be thoroughly darkened and the same beautiful effects given as at night. The doors will be opened at two o'clock and children will be admitted for fifteen cents each. Have your change ready made and it will save delay at the ticket office.

MEVILLE'S AUSTRALIAN ORCHIDS.—This splendid display will commence its exhibition in this city on next Monday evening, and from the great reputation of its principal artists will be certain to attract large audiences during its stay here. This circus is new in Nashville, where, for the past two weeks, it has been exhibiting with triumph, and the press of that city speak of the entire troupe with lavish encomiums, and the immense audiences attending its performances is ample evidence that the praise is merited.

THE HOUSE OF REFUGE.—We are glad to learn that the military authorities have at last begun to see the importance of surrendering to the city the House of Refuge, and that steps have been taken toward that much desired object. From what passed between the Mayor and some of the military authorities yesterday, we feel confident that the importance of the House of Refuge to the city will be laid before the proper authorities, and that in a short time the building, now occupied as a barracks, will be given to the civil authorities, and be used for the purposes for which it was originally intended. The daily increase of crime in the youth of our city, as shown by the daily records of the courts, must have been sufficient to distress any one who has the welfare of the rising generation at heart. The move is a good one, and we hope that it will be pushed forward with vigor, so that we may have some place where the boys of the city who are running at large may be confined, and many of them may yet be reclaimed from the path of degradation and ruin which they are now following.

HOSPITAL REPORT.—Report of poor sick and pay patients admitted and prescribed for in the Louisville Marine Hospital during the month of March, 1864.

Remaining February 29th..... 60
Admitted during March..... 40
Total accommodated..... 100
Of these were discharged..... 55
Died..... 5

REMOVALS.—The city yesterday was filled with rumors of all kinds, in regard to the movements of guerrillas and the threatened raid into the State. One rumor was that a large force were in the vicinity of Richmond, Ky. Another that a considerable body were moving on Lebanon. We were unable to trace the rumors to any reliable source, and as no such news had been received at headquarters the reports were no doubt false.

BARRACKS ITEMS.—The only receipts at the barracks yesterday were one hundred and four convalescents and recruits from different points, enroute to rejoin their regiments, and nine deserters. One hundred and fifty-seven convalescents and recruits were sent to the front, and seventeen deserters were sent to Nashville in Irons. Twenty-nine men were sent to Annapolis, Maryland, to join the Ninth Army Corps.

COURTS MARTIAL.—Owing to there being no quorum in the court of which Lt. Col. Boileau is President, no business was transacted. In Lt. Col. Johnson's court the testimony for the prosecution in the case of Sergeant Hubert, of the Second Ohio heavy artillery, was finished, and the testimony for the defense commenced. The case will be concluded to-day.

IF there is in this city a society for the prevention of cruelty to animals, we would suggest that some attention be paid to the subject of overloading teams and beating horses and mules with dry-naps, when they are doing their best at pulling heavy loads up the heavy grades from the river to Main street.

SENT NORTH.—On Thursday night Garrett Conwell and John Horns, two citizens of Nashville, were brought to this city under guard. They were yesterday sent North of the Ohio, in accordance with the order of Gen. Rousseau, there to remain during the war, under penalty of death should they return.

WE call the attention of the citizens of the Sixth and Seventh wards to the advertisement of Col. J. T. Gathright, Sixty-second Kentucky militia. Colonel G. was formerly a Captain in the Twenty-second Kentucky volunteers and is one of the best drill officers in the State.

COAL COMING.—We learn that the lowest bid for coal for the city was yesterday for the city, with a bid of \$1.00 per bushel, containing 90,000 bushels of coal, consigned to Roberts & Co. The coal will arrive next Monday.

THE Nashville train arrived last night about 7 o'clock some two hours behind time. We did not learn the cause of the delay.

LOTTERY STINK.—We have been shown, says the Cincinnati Gazette, a circular advertising "The Great United States Stock Company," with a capital of \$50,000, and a drawing on the first Monday in June, tickets \$1, and prizes in money, watches, chains, spoons, cutlery, &c. The proceeds to be given to the United States Sanitary Fair. These circulars are being sent to the soldiers and over the country, directing them where to write for tickets. It is hardly necessary to say to the intelligent that this is a swindle by which those who have made conspicuous on their bills the name of a benevolent enterprise to deceive the unwary.

COAL LOST.—On the last rise, which occurred some time last week, a large quantity of coal left this city for points below. We regret to learn that a considerable quantity of this coal has been lost, as follows: One pair of boats at Blue River Island, belonging to Lancet & Co. of Pittsburg; one boat belonging to George Miller of Pittsburg; and Evansville, and six small boats below that point belonging to a party in Cincinnati, whose names we did not learn.

SMALL FOX.—We regret to state that there is no abatement as yet of this dreadful disease in Covington. Placards containing the words "Small pox in this house" are fearfully numerous on nearly every street in the city.

Hagen's Magnolia Balm.

This is the most delightful and extraordinary article ever discovered. It changes the texture of ravishing beauty, imparting the marble purity of youth, and the delicate complexion so inviting in the city belle of fashion. It removes dark, freckles, pimples, roughness from the skin, leaving the complexion fresh, transparent and smooth. It is a most perfect skin medicine, and is a most perfect skin medicine, and is a most perfect skin medicine.

General Agents,
J. & W. Brown for Alderman, Samuel A. Miller and A. P. Cochran for Councilmen, and A. A. Harvey for School Trustees, are the regular canvassers in the Ninth ward (old Seventh).

CITY COUNCIL—TENTH WARD (OLD EIGHTH).—Dr. A. V. Brewer and Dr. Spaulding served faithfully in the old Eighth ward, it is to be hoped that the voters of the ward will give them their cordial support for re-election at the polls to-day.

Mr. Huber's new metropolitan washing machine and wringer are making quite a revolution among the ladies in this city. Many that never did a day's washing in their lives are now doing all their own washing without being fatigued. They say the clothes are whiter and less worn. Ladies, try them.

The Rev. J. C. Fletcher gave us last evening a brilliant lecture on the religion, customs and people of Brazil. He delivered it with a fluency and force that we rarely before have seen of a lecturer. He was full of facts and figures, and his delivery was full of vigor and force.

JOHN H. BROWN, Esq., is the nominee for re-election to the office of Alderman in the Ninth (formerly Seventh) ward, at the ensuing April election.
